This charming brick cottage is beautifully decorated and possesses loads of character, a very spacious feel with breathtaking views, vistas & waterfrontage on Piscataway Creek. A nearby detached brick garage, workshop, and storage barn are equally well built. Although being offered separately, this cottage has made a wonderful guest house for the adjoining 93.1 acre estate next door at 1332 Berry Hill Road. Both properties are part of the estate known as Charlton Hill. 3 miles to Tappahannock, yet very private. Gated entrance.
